

With Real-Time Graphing and Data Logging

TECHNICAL SUPPORT

OSENSA Innovations offers on-site support, commissioning, and training for all of its products. For immediate assistance with any technical issue, please contact support@osensa.com or call 1-888-732-0016.

WARRANTY INFORMATION

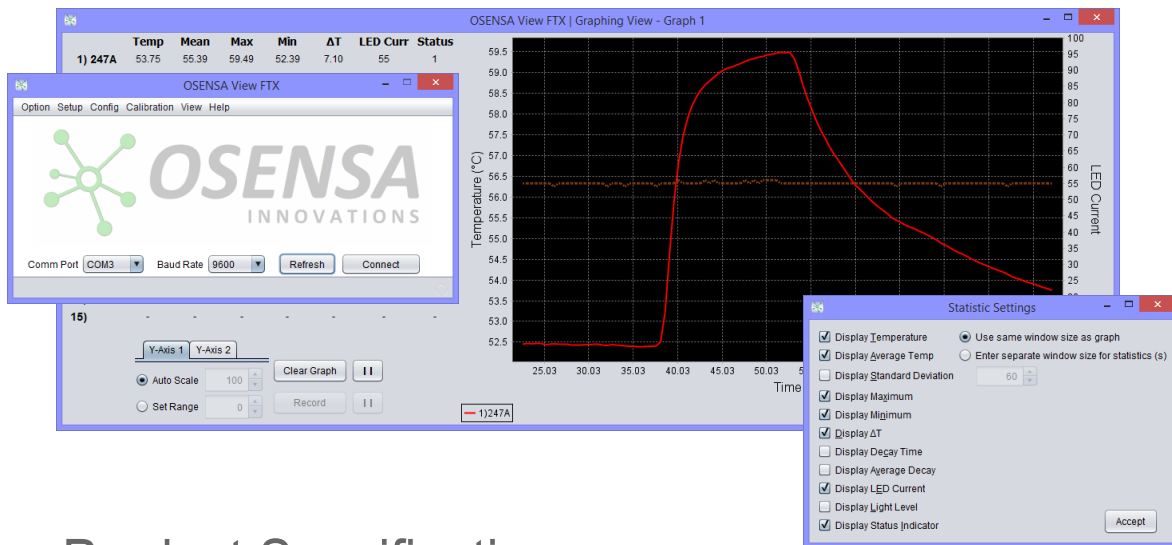

OSENSA Innovations stands behind its products and services. All fiber optic temperature probes and signal conditioners ship with a full one year repair or replacement warranty. You may also purchase an extended five year warranty. Some conditions apply.

CUSTOM OEM SOLUTIONS

OSENSA offers cost-effective design and consulting services at discounted rates for high-volume OEM customers. Let the engineering team at OSENSA Innovations help you rapidly develop custom probes for your power monitoring application. OSENSA's team has many years of experience designing fiber optic temperature probes for various industrial environments.

Product Specifications

OSENSAView Features	Version	Free	Live	PRO
Display real-time temperature data for up to 15 probes		✓		✓
Configure device parameters such as averaging & offsets		✓		✓
Configure 4-20mA output ranges and alarms		✓		✓
Password protect EEPROM settings		✓		✓
Set USB and RS-485 communication speeds up to 115,200bps		✓		✓
Display two dual-axis graphing windows with advanced statistics			✓	✓
Record up to 30 channels per second to a CSV file			✓	✓
Create and save custom settings for rapid test setup			✓	✓
Display temperature with respect to a reference probe or set-point			✓	✓
Create and edit custom calibration tables				✓
LabVIEW VI's, Visual Basic sample code and OSENSAView Live				✓

OSENSAView is industry-leading software incorporating all the features you would hope for in a modern temperature sensing application. The user-friendly environment makes it easy to configure one or multiple FTX series optical signal conditioners. The free OSENSAView version includes all essential features to quickly get you started, but you will want to upgrade to OSENSAView Pro if custom calibrations, real-time graphing or data logging are desired. With the PRO version you will also enjoy the statistics features including mean, min, max, standard deviation, ΔT, and the ability to offset temperature readings relative to a reference probe. OSENSAView Live is a standalone application with all the same data logging and graphing capabilities found in OSENSAView Pro.

Purchase Orders

Please email purchase orders containing the following information to info@osensa.com:

1. Purchase Order number and date when items are required
2. Ship to address, including contact person and telephone number
3. Bill to address
4. Accounts receivable email address including contact person and telephone number
5. Courier account number or note for Osenza to add shipping charges to the invoice. Please note that Osenza only ships products by the following couriers; Fedex, DHL, UPS, TNT, and Purolator. If shipping insurance is desired, you must indicate on the PO to include insurance and designate a value to insure. Osenza is not liable for loss or damage once products leave our factory, even if Osenza pays the shipping charges.

Payment

Please note the following payment terms:

1. For orders from new customers, Osenza expects payment in advance of shipping and will hold the order until payment is received. Payment may be made by international bank wire transfer, credit through PayPal, or by Cheque (international cheques will be held for up to 21 days). Contact info@osensa.com for wire transfer instructions.
2. Credit terms may be granted on a case-by-case basis. Overdue invoices may be charged an interest penalty of 18% per annum, or a \$100 USD late payment fee, whichever is greater.
3. Osenza reserves the right to refuse any order without explanation.
4. Osenza may request a minimum order value of \$1000 USD for new customers.

Additional terms and conditions may be found at www.osensa.com/terms_conditions.php
